- Tubo Endotraqueal Preformada - Con Puño/ Plano
- Endotracheal pré-formada Tube - Cuffed & Plain
- Endotrachéale préformes Tube - Revers & Plain

PHTHALATE FREE

- Used to maintain a patent airway and mechanically ventilate patients
- Made from non-toxic, non-irritant medical grade PVC
- Preformed tubes reduce the risk of kinking and improve access to the operative field
- Tube can be temporarily straightened for ease of suctioning
- Smooth polished Murphy eye, distal end and tapered balloon end for atraumatic intubation and extubation
- Accurate and safe positioning ensured by graduation marks and tip-to-tip radiopaque line
- High volume / low pressure cuff ensures efficient low pressure cuff seal (For cuffed tubes)
- Universal 15 mm connector at proximal end
- E.T.O sterile and pyrogen free. For single patient use
